**Re: Oral Ex Parte Presentation in WT Docket No. 05-7**

Dear Ms. Dortch:

On behalf of QUALCOMM Incorporated ("QUALCOMM"), this is to report that yesterday, I spoke by telephone with Chairman Martin to discuss QUALCOMM's Petition for Declaratory Ruling in the above-referenced proceeding. In particular, I discussed the benefits that QUALCOMM would bring to millions of people by delivering the MediaFLO service and the fact that any potential interference from MediaFLO would be limited to a small number of households who watch a particular station over-the-air in a limited geographic area for a limited period of time (until the DTV transition ends)-- truly de minimis interference. As a result, I explained that the benefits that the public at large will enjoy from a grant of QUALCOMM's Petition will far exceed the very limited impact on a small number of households from this de minimis potential over-the-air interference.

Respectfully Submitted,

Mark D. Wallace
